BYO at the Bell Tower

The Bell Tower is one of very few venues which offer clients the opportunity to supply their own food and beverages.

Terms and Conditions:

The Bell Tower only offers kitchen facilities to registered catering companies. Food will need to be prepared offsite or prepared in the function space (grazing tables work well in this instance).

Drinks can be delivered to the Tower to make for an easy setup. The Tower requires registered service staff to serve beverages. Bar service staff are required to set up, serve, clear during the night, pack up and take rubbish offsite. The Tower is not a licensed venue, it's up to the host of the function to ensure they are following the liquor licensing laws.

The Tower strongly recommends one of their catering companies as they ensure a high-quality level of service is provided and adhere to all liquor licensing laws. For recommendations on suppliers and further enquiries please contact the Bell Tower directly.

For Birthday functions – please note the Bell Tower can only host over the age of 30.
