## BYO at the Bell Tower

For sit down events, the Bell Tower requires one of their catering company to be hired (choose from three). For standing cocktail events, the Bell Tower can be flexible with the catering choice – choose from one of the recommended catering companies for outstanding service and food. Or, supply the food yourself - food would need to be prepared offsite or prepared in the function space (grazing tables or platters work well in this instance). The Bell Tower can only offer kitchen access to registered catering companies.

Drinks can be BYO, or choose a drinks package through your catering company. The Bell Tower requires a registered and licensed bar company to manage the bar.

The Bell Tower is not a licensed venue, it's up to the host of the function to ensure they are following the liquor licensing laws.

For recommendations on suppliers and further enquiries please contact the Bell Tower directly.

Please note – for Birthday functions - the Bell Tower can only host over Birthdays over the age of 30.
